Dear Dr. Ann Coil and Friends:

I thank you very much for the contribution by your organization of very beautiful and tasteful gifts to WISEPlace for Christmas.

Contributions such as yours helped us to make Christmas a happy and joyful time for our residents. As you know, these ladies don't have very much of their own and they delight in receiving nice gifts.

I hope you will have the time this coming year to come in and spend a little time renewing your acquaintance with WISEPlace and seeing some of the changes that have been made. A phone call to let us know you are coming is all that is requested.

We all hope you had a wonderful season of joy and peace and we wish you a very Happy New Year.

Sincerely,

Kathleen Davis Bowman
Executive Director
